

Subrhamanyam (B.V.S) Bhattaram

Phone: +91 95732 89916 Email: subbubhattaram@gmail.com

LinkedIn Location: Nellore, Andhra Pradesh, India **Open to:** Web Developer Internships – On-site & Hybrid

CAREER OBJECTIVE

B.Tech AI & ML student (2023–2027) with hands-on experience in front-end web development, Python programming, and responsive UI design. Built a functional web application using HTML5, CSS3, and JavaScript with DOM manipulation and event handling. Completed IBM Prompt Engineering (edX), YUVA AI, and Quantum Fundamentals certifications. Seeking a Web Developer internship to contribute to front-end development, UI/UX implementation, and web application projects.

Education

Narayana Engineering College (Autonomous) <i>B.Tech – Artificial Intelligence & Machine Learning</i> • Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Computer Networks, Software Engineering, Web Technologies	Nellore, Andhra Pradesh 2023 – 2027
Narayana Junior College <i>Intermediate (MPC) – 86.4%</i>	Arvindha Nagar, Nellore, Andhra Pradesh 2021 – 2023
Ratnam High School <i>Secondary School Certificate (SSC, Class 6–10) – 599 Marks</i>	Lakshmipuram, Nellore, Andhra Pradesh – 524002 Completed 2020

Technical Skills

Front-End	HTML5, CSS3, JavaScript, Responsive Web Design, DOM Manipulation, Event Handling
Frameworks/Libs	Bootstrap, exploring React.js
Database	SQL, MySQL (basics)
Version Control	Git, GitHub
Dev Tools	VS Code, Chrome DevTools, Jupyter Notebook
Concepts	Object-Oriented Programming, Data Structures, Algorithms, Cross-Browser Compatibility
AI/Automation	Prompt Engineering (IBM certified), Python Automation, Machine Learning concepts

Projects

Student Calculator – Front-End Web Application • Developed a fully functional Student Calculator web application using HTML5, CSS3, and JavaScript • Implemented arithmetic operations (addition, subtraction, multiplication, division) with real-time input processing using JavaScript DOM manipulation and event handling • Designed a responsive, mobile-friendly UI with CSS3 flexbox ensuring cross-browser compatibility across Chrome, Firefox, and Edge • Followed clean code principles with modular JavaScript functions, separation of concerns, and structured HTML semantics	2025
--	------

Certifications

Introduction to Prompt Engineering — IBM via edX	2024
YUVA AI Program — YUVA	2025
Quantum Fundamentals Program — Qubitech, WISER & Amravati Quantum Valley	2025
Sustainable Information Technology — Narayana Engineering College	2023–Present

Achievements & Activities

- Built and deployed a front-end web application (Student Calculator) demonstrating proficiency in HTML5, CSS3, and JavaScript
- Engaged with Agentathon 2025 (GDG Hyderabad) – world’s largest Agentic AI hackathon – exploring AI integration with web platforms
- Published technical content on LinkedIn on web and AI technologies – achieving up to 379 impressions per post
- Completed 3 industry certifications (IBM, YUVA, Qubitech) alongside full-time B.Tech coursework

Strengths

- Fluent English communication – clearly articulates technical concepts in written and spoken form for team collaboration
- Fast self-learner – independently acquired front-end web development skills alongside B.Tech AI & ML coursework
- Detail-oriented – applies clean code, semantic HTML, and structured CSS practices to every project
